Members Present.....Commissioner Suzy Foss, Commissioner J.R. Iman and Commissioner Ron Stoltz

Date.....July 11, 2012

►Minutes: Glenda Wiles

►The Board met at 9:05 a.m. to continue their July 10th vote on the acceptance of the Women's and Men's Health (Family Planning) Task Order with DPHS. Commissioner Chilcott was placed on conference call. **Commissioner Chilcott, Commissioner Foss and Commissioner Iman voted "aye". Commissioner Stoltz voted "nay". Motion carried (3-1).**

►Commissioner Iman attended a Park Board meeting at 10:00 a.m.

►The Board met at 2:00 p.m. to make their decision of replacing the Commissioner for Commission District No. 4 due to Commissioner Matt Kanenwisher's resignation. Commissioner Foss noted the Republican Central Committee has submitted a list of three candidates and the Commissioners interviewed all three candidates. She also noted yesterday an anonymous phone call to the Commissioners Office pointed out a blog site that candidate Jeff Burrows is the Site Administrator of. The site is: www.bsoscblog.com and this site give lessons on how to 'do things in tough times'. The particular posting of interest to the Sheriff was a posting by Jason Hommel and a response by Jim Farley which addresses Second Amendment Rights. The Sheriff expressed concern over the blog comments and the Commissioners asked Jeff Burrows to come to this meeting so questions could be asked of him. (See attached)

Commissioner Iman addressed the information that was provided yesterday and asked Jeff about the web site. Jeff Burrows stated the current group of which he is a member of stemmed from Celebrating Conservatism a few years back. This group then broke into different areas, i.e., 2nd amendment, home survival skills, reloading skills and Jim Farley was asked to head these groups up by Mona Docture who started the Conservatism Group. Jim Farley keeps the group running and they welcome anyone for meetings that are normally hosted at Jim's house or other members will host meetings as well. Jeff stated he is the web site technical administrator for password resets and he administers the survival retail store. Jeff stated he does not screen web users of this site and only 1 1/2 hours ago did he read this particular blog. Commissioner Iman asked Jeff if he was employed by his father in law for IT purposes on this blog. Jeff stated that is correct and he does run the survival store for retail goods, noting the blog is just for information, but the store is a business. He indicated the web site was created due to all the "information coming in",

he does not know how his father in law screens this information and he does not know Jason Hommell (the original author of the "American Cowards" article under the Protection Task #5). Jeff stated his business with Jim is the on line survival store and concrete business. While he is paid to work the store site, he also administers the web site as the site administrator. Jeff stated he does not even know what is on the web, as he does not often get on the web site except to perform the I.T. administration. Commissioner Iman asked Jeff if he ever makes an editorial comment and does he see any conflict of interest with his father in law?

Commissioner Stoltz stated he has no questions for Jeff.

Sheriff Hoffman expressed concerns over information he received yesterday which resulted in his review of the blog site, particularly the article entitled "American Cowards". He asked if Jeff shared the blog opinion that his Deputies operate outside their oath of office or outside the constitution. Jeff stated right now he does not believe that. Sheriff Hoffman asked Jeff if he believes anyone has the right to carry weapons into the Courthouse. Jeff stated he does not want to interpret that and he wants to follow the law. He stated if they want to change the law they do it legislatively and he does not want to be a vigilante. Sheriff Hoffman asked Jeff if he believes the constitution gives the right for citizens to take deadly force against a police officer. Jeff stated if the officer is doing his job and he is within the law, there should be no force against an officer.

Under Sheriff Perry Johnson then advised Jeff he and other law enforcement officers have sat by his family and other community neighbors at football games and other community events, and he is personally concerned with the fact that while Jeff is the technical advisor of the web he is also shown as an active member. Jeff stated he is the technical advisor for the blog and he has not been involved in the group for a while. While he has not seen anything wrong with this, he has phased himself out of the group. He was involved in the Celebrating Conservatism Group. Jeff also noted he has written several blogs but right now he is just the administrator for security issues. Under Sheriff Johnson asked if just last year he was an active member of the group. Jeff stated he is involved in issues such as horse shoeing and gardening. The blogs come from all over the world and Jim Farley would be responsible for that content. Under Sheriff Johnson noted this American Coward article was written in 2010 when Jeff was an active member and technical administrator to the web site. Jeff stated he was an active member at that time and Jason Hommell wrote the article and Jim Farley blogged his response. Under Sheriff Johnson then referenced the comment that cowards should respond so they can arrange an opportunity to come to our county (indicating the intent from those comments are that deputies are acting outside the law). He then asked Jeff is he endorses this invitation to take local law enforcement officers on, and when answering that, to think about the fact that as a Commissioner, Jeff will be making those very laws (not allowing firearms in the courthouse). Jeff stated this article is by someone who interprets the constitution in regard to the "right to bear arms shall not be infringed". Under Sheriff Johnson stated Jim Farley is the one who asks to meet with those "American Cowards" and noted Jeff was an active member at that time. Under Sheriff stated this is a cause of concern for law enforcement as Jeff stated he administers the blog, was an active member during this time and a business associate of Mr. Farley's. He stated what this article does is invite people from all over to come here and prove they are not cowards by taking on local law enforcement. Under Sheriff Johnson stated he does not understand how someone

would invite another person to prove they are not a coward, as he does not want someone to shoot one of his deputies, or a Commissioner. Jeff stated Under Sheriff Johnson is interpreting this statement to bring violence to our county and Jim Farley should explain himself. Under Sheriff Johnson stated this article clearly endorses violence against Law Enforcement and walking into a courthouse with a weapon. He also stated there will be a gun battle because the article says a gun battle will occur if the officer attempts to dis-arm the person carrying the weapon. Jeff stated that ruling was by the Supreme Court in that citizens may take an officers life, and he does not believe this, as it is 'crap'. Under Sheriff Johnson stated he believes this is crap too. He does not want to see some heretic coming here to have a gun battle with an officer. The Sheriff's Office dealt with this type of issue in 1995 and they are dealing with these issues again. He stated Law Enforcement Officers protect constitutional rights; 'we protect the government, we don't obstruct it'. He stated his Deputies are the front line soldiers for people's freedoms and this invitation is a horrible thing to bring into this community.

Commissioner Foss stated we are getting off course. Under Sheriff Johnson stated he does not agree, this conversation is right on course. Commissioner Foss stated Jeff is answering law enforcement's questions.

Jeff stated this is the first time he has seen this article. Under Sheriff Johnson stated he is not trying to be unfair, he just wants to make sure Jeff sees this as 'crap' and again when this was written Jeff was an active member. Under Sheriff Johnson stated he carries a gun to work and he does not want to use it against someone who is being manipulated into showing others they are not being a coward.

Commissioner Foss stated this blog is not "his baby"; Jeff simply does the IT. Rather it is his father in law's choice of words. She and her friends can learn how to milk a goat, build a bunker, make soap etc, so she is comfortable with Jeff's answers.

Sheriff Hoffman stated he has not looked at all of the Supreme Court rulings but he knows the constitution does not give anyone the right to shoot a Law Enforcement Officer. Jeff stated he is not trying to defend this document as he just saw it an hour ago, he feels these are people putting a spin on things.

Sheriff Hoffman stated over the last few years there seems to be a move towards accusing or a feeling like the Police Department/Sheriff's Office are the enemy of those patriots. Everyone in the Sheriff's Office carries the constitution, and are neighbors to this community. Sheriff Hoffman stated he does not have an agenda for 'world takeover', just to make the community safe. He hopes Jeff's desire is of the same mold and his Office will be here to help him. Jeff stated he supports and will help Law Enforcement as best he can.

Commissioner Iman confirmed Jeff has no endorsement of this article. Jeff stated that is correct and he has no ties to this letter nor does he endorse it. The web blog is owned by a family member and he is simply the system administrator, not the consultant.

Public Comment was then called for.

Chris Hockman stated he would make his interpretation of this article as a military member and he hopes if Jeff is selected for this position he will express to the community that he does not feel these are appropriate comments.

Clay Defthleson stated he was one of the candidates for County Commissioner and he sees a lot of emotion being welled up, and he believes this is all being done vindictively. Therefore the Commissioners might want to postpone this decision for a day or so. He felt the Republican Central Committee did a good job of vetting the candidates and it is not fair to Jeff to be put on the spot like this.

Bill Menager stated he has attended meetings that Jeff has referred to and none of those people want to take up arms against the Sheriff, rather when the tough times come, they want to aid people in the community.

Tony Colleto from Hamilton played football with Jeff during high school. He stated he came here today to witness Jeff's appointment. Instead he sees this as a witch hunt. He can vouch for Jeff and he knows the family. He does not think Jeff is involved in those things, he is a good family man.

Viteo Cillebreti stated it is apparent Jeff was blind sighted by all of this. He would like to review the blog and suggested the Commissioners wait on the appointment.

Public comment was then closed.

**Commissioner Stoltz made a motion to appoint Jeff Burrows as Interim Commissioner for District No. 4, noting Jeff was part of the Celebrating Conservatism Group. He has read the blog and knows Jeff cannot tell his father in law how to think, and if we could pick our relatives we would all be happier. There was a vetting process and he feels Jeff is the right candidate.**

Commissioner Iman stated this information is made available to the public, and he too agrees a person can pick their friends but not their relatives. He asked if this decision needs more time since Commissioner Chilcott is not present, should they wait until next week? Commissioner Foss asked Sheriff Hoffman if they want to do more research/investigation or are they comfortable with Jeff's answers. Sheriff Hoffman stated the decision to appoint is that of the Commissioners and his Office will not have a part in that decision, rather they had concerns and had questions that needed to be asked. Commissioner Foss stated Commissioner Chilcott wanted to make sure the Sheriff had the chance to ask questions which has now taken place. Under Sheriff Johnson reiterated it is the Commissioners decision of appointment. Both the Sheriff and Under Sheriff stated if Jeff is appointed they plan to work with Jeff as a Commissioner. Jeff responded that he also plans to work with the Sherriff's Office. **Commissioner Iman seconded the motion. All voted "aye". (3-0)**

►The Board met at 2:30 to make a decision on the Task Order with Department of Public Health and Human Services for the amendments to the Immunization Task Order (Contract #13-07-4-31-038-0). **Commissioner Stoltz made a motion to approve of this amendment to the**

### From Jason Hommel: American Cowards! (Like me!)

by jpf1030 » Thu Jan 27, 2011 6:08 am

Howdy All,

I regard Jason Hommel as one of the truly good guys as well as top silver expert. Today's newsletter takes a different slant away from silver to guns. I have to admit, like him, I'm also a coward when it comes to fully exercising our second amendment rights. When any of us fear arrest for carrying our guns anywhere we please, as the second amendment says that free right cannot not be infringed, then can we be anything but cowards because we are afraid of being arrested under an unconstitutional local, state or federal law. Through jury nullification of unconstitutional laws we should not fear any such laws and carry our arms anywhere we choose, be it a bank, public building, bar, court room or wherever unconstitutional laws have been made to ban our second amendment right! How many of us are willing to arrest an officer when they are breaking laws like aiding and abetting irs (doesn't deserve caps!) unconstitutional property confiscation of our friends and neighbors? We will never regain a free republic as long as we choose to remain cowards as Jason has so aptly put it below. Damn, just the thought of being cowardly is disgusting. Anyone who can honestly reply that they are not a coward at this time, please reply so we can arrange an opportunity for you to prove you are not. Otherwise, replies are welcomed as to how many have the courage and guts to stand up for the God given rights protected under the Bill Of Rights of our US Constitution. This will take a group effort as individuals would be easily plucked off liberty movement...jpf

Silver Stock Report
by Jason Hommel, January 26th, 2010

If Americans are going to exercise their right to own real personal wealth like silver and gold, they also need to take personal responsibility to protect it. One way is with a vault, bolted down.

But in America, things are bad now. Police confiscate cash on sight, charging the cash itself with the crime of being "drug money", and the cash can't fight back. If they can do that with cash now, they can take your silver, unless we let them know we won't tolerate such unlawful behavior from our public servants.

The ultimate way to protect your wealth, is with a gun. But gun rights are under constant attack, and I'm shocked to see how far they have destroyed our gun rights in this country. How can there be over 25,000 different kinds of "gun laws" across the land when the second Amendment contains the clear words, "shall not be infringed"?

There are T-Shirts and Bumper stickers that say "What part of "Shall not be infringed" do you not understand? Maybe the campaign is working, as political candidates who campaign against guns tend to lose these days. But anti-gun biased judges still get into and corrupt our nation's court system. Did you know that 90% of judges in America are former prosecuting District Attorneys, whose goals seem to be not just justice, but simply "more prosecutions"?

But let me address just one kind of gun law in today's article, the right to carry a gun into court. I'm only age 40, but I've seen old movies that show the people carrying rifles into court. What a way to keep judges honest! But not anymore! Why is this? How did this happen? And how can we get our rights back?

Maybe it's because the judges are former DA's, and they fear reprisals from the many people they railroaded into jail over the years, but maybe that's just me growing cynical.

Americans today are ignorant cowards. I know, because I am. And many tell me I'm the bravest guy they have ever read. If so, then this nation has a long way to go to climb out of the morass we are in.

We all have a God-given right and duty to preserve our lives, including self defense, with swords, or guns, if necessary.

Jesus said so, several ways.

Luke 22:36 He said to them, "But now if you have a purse, take it, and also a bag; and if you don't have a sword, sell your cloak and buy one.

Matthew 10:34 "Do not suppose that I have come to bring peace to the earth. I did not come to bring peace, but a sword.

Today in America, everyone willingly, ignorantly, and cowardly gives up their God-given duty, and Second Amendment right to keep and bear arms at nearly every courthouse entrance.

How has this happened? We have compromised with evil.

What separates the righteous man from others? We trust in Jesus, and the power of the resurrection!

Righteous people trust that Jesus died for our sins so that we don't have to suffer the death penalty that we all deserve, and so, we must have faith that Jesus will raise us up from the dead. Christians cannot fear death. If we do, it's literally a denial of our faith.

1 Thessalonians 4:
13 Brothers and sisters, we do not want you to be uninformed about those who sleep in death, so that you do not grieve like the rest of mankind, who have no hope. 14 For we believe that Jesus died and rose again, and so we believe that God will bring with Jesus those who have fallen asleep in him.

Romans 10:9 That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved.
Romans 10:10 For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation.

Evil people, in contrast, have an irrational and deathly fear of death.

Hebrews 10:26-27 If we deliberately keep on sinning after we have received the knowledge of the truth, no sacrifice for sins is left, but only a fearful expectation of judgment and of raging fire that will consume the enemies of God.

Isaiah 48:22 "There is no peace," says the LORD, "for the wicked."

Since evil people are in a constant paranoid fear of judgment and their own death, then they are literally hell bent on trying to prevent their own death, at all costs, including trampling other's rights to carry a gun for protection. That's what the anti-gun movement is all about.

World Net Daily recently featured an article showcasing an author, Michael Savage, who says that liberalism is a mental disorder.

http://www.amazon.com/Liberalism-Mental ... 1595550062

Yes, but it's worse than that. Those who fight against our rights to own guns are outside of the will of God. They are crazy, as they make themselves less safe, and make everyone less safe.

And these are the judges sitting in our courts! No wonder things are bad!

The law itself has actually provided our remedy, literally a recipe for peaceful and lawful revolution.

The US Supreme Court has ruled: No one is bound to obey an unconstitutional law and no courts are bound to enforce it.
Sixteenth American Jurisprudence, Second Edition, Section 177. (late 2nd Ed. Section 256)
http://www.sodahead.com/united-states/n ... n-1387785/

In California, there is an unconstitutional law cited at courthouse entrances, saying why it's illegal to carry a weapon into the courthouse. They cite California Penal Code Section 171B, which says:

http://law.onecle.com/california/penal/171b.html

(a) Any person who brings or possesses within any state or
local public building or at any meeting required to be open to the
public pursuant to Chapter 9 (commencing with Section 54950) of Part
1 of Division 2 of Title 5 of, or Article 9 (commencing with Section
11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of, the
Government Code, any of the following is guilty of a public offense
punishable by imprisonment in a county jail for not more than one
year, or in the state prison:
(1) Any firearm.

That law is thus not a law, as it clearly violates the Second Amendment, which states, so much more clearly:

A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed.

SHALL NOT BE INFRINGED!

in·fringe (n-frnj)
v. in·fringed, in·fring·ing, in·fring·es
v.tr.
1. To transgress or exceed the limits of; violate: infringe a contract; infringe a patent.
2. Obsolete To defeat; invalidate.

See that? The right of the people to keep and bear arms shall not be violated, invalidated, or defeated! YET, IT IS!? Looks like they are infringing!

The 2nd Amendment is applicable to the States via the 14th Amendment.

Most Americans in most States in the USA also have the right to engage in a citizen's arrest, including arresting even police officers or Sheriffs if necessary.

The law in California says that a person can make an arrest if they witness a felony taking place, or simply has "reasonable cause for believing the person arrested to have committed it."

California Penal Code Section 837

http://law.onecle.com/california/penal/837.html

"A private person may arrest another:
1. For a public offense committed or attempted in his presence.
2. When the person arrested has committed a felony, although not in his presence.
3. When a felony has been in fact committed, and he has reasonable cause for believing the person arrested to have committed it."

California Penal Code Section 839

"Any person making an arrest may orally summon as many persons as he deems necessary to aid him therein."

This means that anyone in California can give this presentation in Church, and orally summon the entire congregation to help arrest those people who daily commit these felony violations by stripping Americans of their gun rights at courthouse entrances.

It's a Federal felony to deprive you of your Constitutional rights, even if they say "it's the law" while doing it. The term "Color of law" refers to non law, or unconstitutional law, appearing to be law.

42 U.S.C. § 1983 : US Code - Section 1983: Civil action for deprivation of rights

http://codes.lp.findlaw.com/uscode/42/21/I/1983

Every person who, under color of any statute, ordinance, regulation, custom, or usage, of any State or Territory or the District of Columbia, subjects, or causes to be subjected, any citizen of the United States or other person within the jurisdiction thereof to the deprivation of any rights, privileges, or immunities secured by the Constitution and laws, shall be liable to the party injured in an action at law, suit in equity, or other proper proceeding for redress, except that in any action brought against a judicial officer for an act or omission taken in such officer's judicial capacity, injunctive relief shall not be granted unless a declaratory decree was violated or declaratory relief was unavailable. For the purposes of this section, any Act of Congress applicable exclusively to the District of Columbia shall be considered to be a statute of the District of Columbia.

Title 18, U.S.C., Section 241 -242 Conspiracy Against Rights & Under Color of Law

Title 18 of Federal law makes it a crime punishable up to ten years in jail for "using the law" as a bad excuse for violating people's Constitutional rights.

Such felony violations of the Constitution take place every minute of every day as unlawful authorities search and disarm everyone who enters a courthouse.

If Americans were not ignorant cowards, then most Americans would have said, long ago, at the courthouse entrance where they have the metal detectors:

"You are violating my God-given, Second Amendment rights."
"You are an enemy of the Constitution."
"You are acting under the color of law to deprive me of my rights, in violation of Federal Title 18 and 42."
"You are guilty of a felony violation, which carries with it a 5-10 year prison term."
"You are hereby under arrest."
"I'm making a citizen's arrest."

"You have the right to remain silent. Anything you say can and will be used against you in a court of law. You have the right to speak to an attorney. If you cannot afford an attorney, one will be appointed for you. Do you understand these rights as they have been read to you?"

"If there are two or more of you acting to deprive people of their rights, then conspiracy will be added to the charges that I'm charging you with."

"Now that I've arrested you and that you are in my custody, I will now turn you over to the nearest magistrate, and present a written indictment or accusation detailing your crimes."

"Are you going to come willingly, or are you going to resist this lawful arrest?"

Why don't we do this? Because for the most part, we lack conviction, and are cowardly and afraid of death. We are afraid of confronting bad actions of bad people who act as if they have lawful authority that they do not have.

Are we afraid that the system will not rule in our favor? What if they dismiss our lawful citizen's arrests? What remedy then? Isn't that exactly why we have gun rights, as a last resort to protect all others?

Are we afraid of the Sheriffs, that they will fight back, and arrest us, or kill us, instead!

We moan, "What can we do?" while ignoring the laws that tell us what we can do. That's American Cowardice & Ignorance.

Again, the Supreme Court has said we have the right to resist unlawful arrests, using guns, if necessary!

"Citizens may resist unlawful arrest to the point of taking an arresting officer's life if necessary." Plummer v. State, 136 Ind. 306. This premise was upheld by the Supreme Court of the United States in the case: John Bad Elk v. U.S., 177 U.S. 529. The Court stated: "Where the officer is killed in the course of the disorder which naturally accompanies an attempted arrest that is resisted, the law looks with very different eyes upon the transaction, when the officer had the right to make the arrest, from what it does if the officer had no right. What may be murder in the first case might be nothing more than manslaughter in the other, or the facts might show that no offense had been committed."

Did you get that? We have the right to kill officers of the law, if they are acting outside of the law, such as when they violate the second amendment and unconstitutionally disarm people who enter courthouses! This is actually our lawful duty and remedy, our right, to enact a legal revolution towards freedom.

So, why haven't people in the land of the free and the home of the brave acted yet, to end this tyranny of disarming the people at the courthouses?

Because the people are not free, and not brave! But rather, we are a nation of ignorant cowards. (Fortunately, the internet is changing this, and the people are engaged in a new mental awakening, including myself.)

But let's note, the most important place of all to be able to carry a gun is into a courthouse!

Thomas Jefferson said, "No free man shall ever be debarred the use of arms. The strongest reason for the people to retain the right to keep and bear arms is, as a last resort, to protect themselves against tyranny in government."
-- Thomas Jefferson, 1 Thomas Jefferson Papers, 334

Is a courthouse not a place of government? Do they not rule to enforce their tyranny in court with nobody even being able to defend themselves and fight back?

We allow ourselves to be disarmed, also, why? Is it because we think if we were arrested, and got a case and went to court, we would be railroaded by a jury of people who are not our peers, and don't understand?!

If they even allowed us a jury trial! Some are held in contempt for years with no jury trial now in America. And we do nothing, because we can't even get into the courts to force our servants to behave themselves!

Do we allow it because we do not trust even surveys that show that 60% of the people are in favor of gun rights, when we really only need one person on a jury of twelve to agree with us?

Do we not act because we do not trust the action of "Jury Nullification", which means that the jury has the right to return a "not guilty" verdict even if a person is guilty of violating an illegal law, thereby nullifying unjust laws, and keeping the people free.

Are we cowards, because we see or hear of judges who refuse to allow juries to be informed about jury nullification?

Some will certainly say, "Who are you to make these kinds of judgments, are you a lawyer? Because you are not a judge!" No. But I do know this, we Christians are supposed to be kings and priests, and are commanded to judge:

Leviticus 19:35 Ye shall do no unrighteousness in judgment, in meteyard, in weight, or in measure.

John 7:24 Judge not according to the appearance, but judge righteous judgment.

1 Corinthians 6:3 Know ye not that we shall judge angels? how much more things that pertain to this life?

Besides, we have an advocate in heaven. That means that Jesus is our lawyer.

Job 16:19 Even now my witness is in heaven; my advocate is on high.

Romans 8:33 Who will bring any charge against those whom God has chosen? It is God who justifies.

We should not compromise with evil, nor give evil it's way.

Proverbs 25:26 Like a muddied spring or a polluted well is a righteous man who gives way to the wicked.

We have all given way to the wicked in this country now.

So, will I try to physically arrest any officers who disarm people as they enter a courthouse?

Probably not. I'm a coward, with too much to lose. I have a new family with two new boys, one aged 2 and a half, and the other is 3 months, and business obligations. Does the general in war go in front of his troops? Not usually. But they help direct the battle, often from behind the front lines. The best fighters are often younger, aged 18 to mid twenties. They have more courage. At that age, I was a downhill ski racer, risking death, and for what? Recognition as a "fast dude?" Hardly makes sense to me now that I'm 40.

These days, I prefer to fight smarter. You may be able to "arrest" an officer without touching them. Merely get their names, getting an ID is not necessary; the courts know who they are. Have a complaint filled out in advance, with only the names of the officers needing to be filled in. Then hand them with court papers of your complaint after you file it with the court. Might work, or at least get things rolling. Then again, with court corruption, you could get hit with a frivolous lawsuit charge, or false arrest charge, or worse.

But there's one key point to remember. The real cowards are those who are disarming everyone else. They are so afraid, they can't stand to even be in the presence of a righteous man who is armed. And knowing yourself and knowing your enemy is how battles are won.

And this is just one of the many battles we must win, if we are ever to enjoy our right to lawfully own silver and gold.

There are many opportunities for Americans to stand up, and become heroes for a new generation that will begin to appreciate the freedoms won in the years ahead.

By the way, we have lower and better prices, both to buy and sell gold and silver, and we are continuing to hit record sales volumes here at the JH MINT. We've done $2.1 million in sales, and $600,000 in purchases for January so far, a record month for us. Sales volumes went up on the price dip from $31/oz., for silver, which is good for supporting prices. Thank you for your business! God bless!

---

I strongly advise you to take possession of real gold and silver, at anywhere near today's prices, while you still can. The fundamentals indicate rising prices for decades to come, and a major price spike can happen at any time.

### From Jason Hommel: American Cowards! (Like me!)

by jpf1030 » Thu Jan 27, 2011 6:08 am

Howdy All,

I regard Jason Hommel as one of the truly good guys as well as top silver expert. Today's newsletter takes a different slant away from silver to guns. I have to admit, like him, I'm also a coward when it comes to fully exercising our second amendment rights. When any of us fear arrest for carrying our guns anywhere we please, as the second amendment says that free right cannot not be infringed, then can we be anything but cowards because we are afraid of being arrested under an unconstitutional local, state or federal law. Through jury nullification of unconstitutional laws we should not fear any such laws and carry our arms anywhere we choose, be it a bank, public building, bar, court room or wherever unconstitutional laws have been made to ban our second amendment right! How many of us are willing to arrest an officer when they are breaking laws like aiding and abetting irs (doesn't deserve caps!) unconstitutional property confiscation of our friends and neighbors? We will never regain a free republic as long as we choose to remain cowards as Jason has so aptly put it below. Damn, just the thought of being cowardly is disgusting. Anyone who can honestly reply that they are not a coward at this time, please reply so we can arrange an opportunity for you to prove you are not. Otherwise, replies are welcomed as to how many have the courage and guts to stand up for the God given rights protected under the Bill Of Rights of our US Constitution. This will take a group effort as individuals would be easily plucked off liberty movement...jpf

Silver Stock Report
by Jason Hommel, January 26th, 2010

If Americans are going to exercise their right to own real personal wealth like silver and gold, they also need to take personal responsibility to protect it. One way is with a vault, bolted down.

But in America, things are bad now. Police confiscate cash on sight, charging the cash itself with the crime of being "drug money", and the cash can't fight back. If they can do that with cash now, they can take your silver, unless we let them know we won't tolerate such unlawful behavior from our public servants.

The ultimate way to protect your wealth, is with a gun. But gun rights are under constant attack, and I'm shocked to see how far they have destroyed our gun rights in this country. How can there be over 25,000 different kinds of "gun laws" across the land when the second Amendment contains the clear words, "shall not be infringed"?

There are T-Shirts and Bumper stickers that say "What part of "Shall not be infringed" do you not understand? Maybe the campaign is working, as political candidates who campaign against guns tend to lose these days. But anti-gun biased judges still get into and corrupt our nation's court system. Did you know that 90% of judges in America are former prosecuting District Attorneys, whose goals seem to be not just justice, but simply "more prosecutions"?

But let me address just one kind of gun law in today's article, the right to carry a gun into court. I'm only age 40, but I've seen old movies that show the people carrying rifles into court. What a way to keep judges honest! But not anymore! Why is this? How did this happen? And how can we get our rights back?

Maybe it's because the judges are former DA's, and they fear reprisals from the many people they railroaded into jail over the years, but maybe that's just me growing cynical.

Americans today are ignorant cowards. I know, because I am. And many tell me I'm the bravest guy they have ever read. If so, then this nation has a long way to go to climb out of the morass we are in.

We all have a God-given right and duty to preserve our lives, including self defense, with swords, or guns, if necessary.

Jesus said so, several ways.

Luke 22:36 He said to them, "But now if you have a purse, take it, and also a bag; and if you don't have a sword, sell your cloak and buy one.

Matthew 10:34 "Do not suppose that I have come to bring peace to the earth. I did not come to bring peace, but a sword.

Today in America, everyone willingly, ignorantly, and cowardly gives up their God-given duty, and Second Amendment right to keep and bear arms at nearly every courthouse entrance.

How has this happened? We have compromised with evil.

What separates the righteous man from others? We trust in Jesus, and the power of the resurrection!

Righteous people trust that Jesus died for our sins so that we don't have to suffer the death penalty that we all deserve, and so, we must have faith that Jesus will raise us up from the dead. Christians cannot fear death. If we do, it's literally a denial of our faith.

1 Thessalonians 4:
13 Brothers and sisters, we do not want you to be uninformed about those who sleep in death, so that you do not grieve like the rest of mankind, who have no hope. 14 For we believe that Jesus died and rose again, and so we believe that God will bring with Jesus those who have fallen asleep in him.

Romans 10:9 That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved.
Romans 10:10 For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation.

Evil people, in contrast, have an irrational and deathly fear of death.

Hebrews 10:26-27 If we deliberately keep on sinning after we have received the knowledge of the truth, no sacrifice for sins is left, but only a fearful expectation of judgment and of raging fire that will consume the enemies of God.

Isaiah 48:22 "There is no peace," says the LORD, "for the wicked."

Since evil people are in a constant paranoid fear of judgment and their own death, then they are literally hell bent on trying to prevent their own death, at all costs, including trampling other's rights to carry a gun for protection. That's what the anti-gun movement is all about.

World Net Daily recently featured an article showcasing an author, Michael Savage, who says that liberalism is a mental disorder.

http://www.amazon.com/Liberalism-Mental/.../1595550062

Yes, but it's worse than that. Those who fight against our rights to own guns are outside of the will of God. They are crazy, as they make themselves less safe, and make everyone less safe.

And these are the judges sitting in our courts! No wonder things are bad!

The law itself has actually provided our remedy, literally a recipe for peaceful and lawful revolution.

The US Supreme Court has ruled: No one is bound to obey an unconstitutional law and no courts are bound to enforce it.

Have a complaint filled out in advance, with only the names of the officers needing to be filled in. Then hand them with court papers of your complaint after you file it with the court. Might work, or at least get things rolling. Then again, with court corruption, you could get hit with a frivolous lawsuit charge, or false arrest charge, or worse.

But there's one key point to remember. The real cowards are those who are disarming everyone else. They are so afraid, they can't stand to even be in the presence of a righteous man who is armed. And knowing yourself and knowing your enemy is how battles are won.

And this is just one of the many battles we must win, if we are ever to enjoy our right to lawfully own silver and gold.

There are many opportunities for Americans to stand up, and become heroes for a new generation that will begin to appreciate the freedoms won in the years ahead.

By the way, we have lower and better prices, both to buy and sell gold and silver, and we are continuing to hit record sales volumes here at the JH MINT. We've done $2.1 million in sales, and $600,000 in purchases for January so far, a record month for us. Sales volumes went up on the price dip from $31/oz., for silver, which is good for supporting prices. Thank you for your business! God bless!

=====

I strongly advise you to take possession of real gold and silver, at anywhere near today's prices, while you still can. The fundamentals indicate rising prices for decades to come, and a major price spike can happen at any time.
