Date.....June 15, 2011

► Minutes: Beth Perkins

► Commissioner Iman attended a DEQ meeting at 9:00 a.m.

► Commissioner Chilcott attended a RCEDA meeting at the Entrepreneurship building on Old Corvallis Road at 3:00 p.m.

► Commissioner Iman, Commissioner Stoltz and Commissioner Foss held a conference call with Administrative Assistant Glenda Wiles to discuss extending the deadline of receiving Request for Qualifications for the Environmental Assessment Services for the Ravalli County Airport. Glenda noted she had mistakenly advised one of the soliciting engineering firms (Reid Middleton) that the legal for the Environmental Assessment had not gone to the paper of record yet, therefore they had not sent in their qualifications by the due date of June 15th. Finding her error she asked Civil Counsel if the date of receiving the RFQ could be extended to Reid Middleton for a June 23rd, 5:00 p.m. deadline. Civil Counsel Dan Browder indicated an extension to the one engineering firm who had received the wrong information could be made with Commissioners concurrence. All other engineering firms would be subject to the legal notice in the paper. The Commissioners concurred with this extension. Reid Middleton Engineering was offered an extension to the receipt date of June 23, 2011, at 5:00 p.m. It is also noted that Kaci Carlson of Reid Middleton indicated to Glenda on the phone that their firm will review the criteria and decide if they want to utilize another engineering firm to do the work with Reid Middleton as the actual contractor.

► The remainder of the day was spent in Office Management.
